

January 2022

GET INVOLVED

The theme of this month's newsletter is **GET INVOLVED**. We will outline several ways you can get involved.

This is a crucial election year. We all have seen how important School Boards are in determining the future of our children and grandchildren. There are many **School Board elections** and the Reaganites of York County plan to help get conservative candidates elected to those seats. Also, because of our population growth we will have new (vacant) state house and county council seats which we hope to fill with true constitutional conservatives

Now is the time to step up and help our country get back on the right track.

CANDIDATE FORUMS

York County GOP Chairman Ben Ignatowicz, himself a Reaganite, recently mentioned there could be as many as 38 races on the June 14 primary ballot – everything from Governor and U.S. Senate to South Carolina Superintendent of Education and Commissioner of the South Carolina Department of Agriculture all the way down to State House and perhaps even County Council.

For the York County primary races (e.g., SC House seats) the Reaganites plan to host candidate forums.

We also plan to host a **candidates' forum** for the hugely important Superintendent of Education post. Reaganites' First Vice President, Dennis Getter is leading that effort. If you want to help Dennis, please contact him at: dengetter@comporium.net .

ENDORISING PRIMARY CANDIDATES

As we did two years ago, all Reaganites who are current in their dues will be able to cast an "e-ballot" on which local candidates the Reaganites will endorse in the Republican primary. Our endorsement will include a monetary contribution as well as "boots on the ground."

PAY YOUR 2022 DUES

Membership dues runs on a calendar year basis. So your 2022 dues may be due if you haven't paid already. (We did have a significant number of members pay for 2022 in December.) **Single membership is \$25.00 person or \$40.00 for a couple. Made check payable to: Reaganites of York County and send them to our Treasurer, Michael Cox at 755 E. Rambo Road, Rock Hill, SC 29730**

Remember, you can't vote in our primary endorsement e-balloting unless your dues is fully paid. Dues is not prorated, so people who join in June still will have to pay the full year's dues for 2022.

Additionally, as a South Carolina PAC we raise money to help candidates. **PLEASE consider making a contribution to our PAC.** Contributions in any amount can be sent to Michael at the address above. Also, if you are interested in helping us fundraise please e-mail Frank.Trotta@Reaganites.com

CANDIDATE TRAINING

The Reaganites of York County are exploring ways to help train people interested in running for office. Our Senior Vice President, Sharon Bynum, is reaching out to the State Republicans to see what training materials may be available. Our Board Member At-Large, Rick Oehlhof, is connecting with the national conservative group, The Leadership Institute, to tap their resources.

MORE on The Leadership Institute below.

EDUCATION & CRT

Our **Education Committee** has become a leader in the STOP Critical Race Theory in our schools movement.

Working in conjunction with the Oak Initiative and the South Carolina chapter of Parents Involved in Education (PIE) we co-sponsored the hugely successful event: ***HOW TO FIND AND ERADICATE CRITICAL RACE***

THEORY IN YOUR SCHOOLS.

Get involved with our Education Committee by contacting Reaganites' Secretary, Alice Brite, at abrite@comporium.net.

COMMUNICATIONS

Our new Communications Director, Garrett Jackson will be working on our website and Facebook presence, as well as exploring other avenues to get our message out, such as GETTR. Garrett, a student at Winthrop also heads the College Republicans, so his plate is quite full. **HE NEED OUR HELP.**

BECOME A POLL WORKER

We received the following message from Beth Covington, Public Relations & Training Coordinator, Registration and Elections, York County Government.

Hello everyone – I'm asking if anyone else is free and inclined to work the Rock Hill City Election on Tuesday, February 8.

I could easily use 50 more workers, if at all possible.

The precincts that will be open are towards the York side of Rock Hill (near Newport/Northwestern High/etc), towards the Fort Mill side (behind Home Depot on Cherry Rd, just across the river, down Celanese Road), and towards the inner part of Rock Hill (city hall, Dave Lyle Blvd.)

If you are willing to travel from another area into Rock Hill, I do my best to keep you closest to your home area.

Here is the link to sign up for online or in person classes (which start next week!). I'm out for the rest of today but if you choose online, I will send the information for your training tomorrow.

<https://www.signupgenius.com/go/20f0849abac23a5fe3-rhward>

If I have contacted you about being a clerk or training up to become a clerk for this election, please contact me if you haven't signed up for your Clerk training! I'm still waiting to hear from a few of you.

Thanks Ya 'll!!

A MESSAGE FROM OUR SHERIFF

This is **Kevin Tolson, President of the South Carolina Sheriffs Association and York County Sheriff.** I'm writing to you personally because you need to know where law enforcement stands on an issue that's making its way around the South Carolina statehouse.

To cut right to the chase, I am strongly against the bills trying to legalize "medical" marijuana in South Carolina.

Simply put, it's a dangerous idea.

I understand supporters of this bill are seeking to bring comfort and relief to friends and family members who are suffering from debilitating illnesses. **I have extreme compassion for those individuals, but I can't endorse or even ignore the attempt to provide relief through illegal methods, especially when those attempts will jeopardize public safety.**

[Find your state legislators here](#)

Marijuana is an illegal substance. It's not medicine.

Despite law enforcement's best efforts, South Carolina consistently ranks among the worst states in the nation for drunk drivers. **Impaired driving will only be further exacerbated if "medical" marijuana is legalized.**

Methods that determine the presence of THC in the bloodstream exist, but additional processes are needed to determine an exact level of impairment.

So, if this bill passes and "medical" marijuana becomes legal, law enforcement will have no way to legally determine impairment based upon THC or be able to successfully prosecute drivers who have it in their blood.

Since marijuana remains federally illegal, marijuana-based companies largely operate in cash only. So, these businesses are far more susceptible to armed robberies. And collecting and remitting taxes based on proceeds that stem from the sale of federally illegal products becomes problematic.

I want to underscore that law enforcement's concerns regarding this legislation do not stem from a lack of compassion. Quite the opposite is true.

We have tremendous compassion for those who are desperate for medical assistance AND those who will undoubtedly be impacted by the unintended consequences of this legislation.

There's a lot of reasons why I'm against this bill. These are just the tip of the iceberg.

As your Sheriff and President of the South Carolina Sheriffs Association, I'm going to continue doing my job of keeping you, your family, and our communities safe by actively working to oppose this bill.

I urge you to do the same. I ask you to stand with me and implore the General Assembly to resist the urge to bypass the FDA regulatory process and allow legitimate scientific research to drive this debate rather than emotion or politics.

To my knowledge, this is the only instance where legislators are trying to dictate what medicine is instead of medical professionals and their approval processes at FDA.

Please contact your state legislators and let them know where law enforcement stands—**we're against legalizing "medical" marijuana.**

In a time where law enforcement officers are facing more hatred, mistrust, and even threats to defund and get rid of us, we need support now more than ever.

So please, support your law enforcement officers and tell your state legislators to vote against medical marijuana.

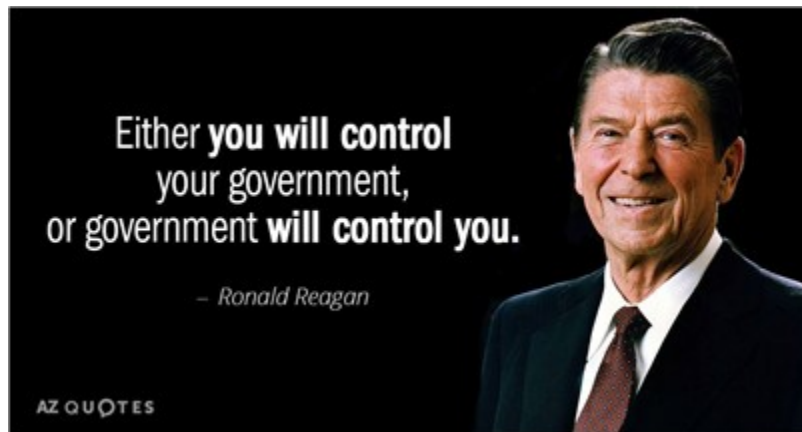

Thanks,

Kevin Tolson

President, South Carolina Sheriffs Association

York County Sheriff

ESSAY OF THE MONTH

Read what the Reaganites Second Vice President, Dr. Mark Herring, has to say about **the state of the news media in America today:**

Why the Fourth Estate is in receivership

The fourth estate, journalism, is racing to receivership unless we can rescue it from its rapacious self. The hubris hasn't always been this bad, this blatant, or this biased, yet it worsens daily.

In the town I grew up in, Nashville, Tennessee, there were two newspapers in the 1950s and 1960s, one for the morning, the other in the evening, and three television stations that carried the news.

I delivered both newspapers at one point in my teenage years, dragging myself out of bed before school at five in the morning (often unsuccessfully, I might add). The morning paper, owned by a well-known Democrat operative, ran a left-leaning paper with an obvious secular outlook. The other paper leaned right with a more spiritual Weltanschauung. The television stations were only mildly biased, if at all. The political bias of both papers proved mostly mild, too (although the morning paper hardly ever disclosed any of President Kennedy's philandering). I doubt many who watched or subscribed were unaware of the obliqueness of the outlets.

HELP SAVE A CONSERVATIVE MEDIA OUTLET

For those of you who are AT&T and Direct TV subscribers, this decision by AT&T to not renew their contract with One America News will affect you. This is censorship and we have to fight against it. Put in a formal complaint against their decision to not renew OAN's contract which expires in April. If you would also like to voice your objection to AT&T's decision, their phone number where you can speak to a representative is 800 288 2020.

DirecTV plans to drop conservative One America News Network from its lineup, **Bloomberg** reported.

At the time of this reporting, no other major U.S. cable providers carry OAN.

What are the details?

The nationwide satellite television broadcaster recently notified Herring Networks, OAN's owner, that it would no longer carry the company's channels.

In a statement obtained by Bloomberg, the company said, "We informed Herring Networks that, following a routine internal review, we do not plan to enter into a new contract when our current agreement expires."

The contract with Herring Networks is set to expire in April. At the time of this reporting, Herring Networks has yet to issue a public statement on the matter.
