

# REAGANITES of York County, SC

SUMMMER 2022

## REAGANITES EVENT

**CAMPAIGN KICK-OFF PICNIC  
SATURDAY, SEPTEMBER 24 – FIELD DAY PARK**

The Reaganites of York County plan to host a Campaign Kick-off Picnic on Saturday, September 24 at Field Day Park in Lake Wylie. We need your help! **Will you serve on the Planning Committee for the event?** If you are willing to help us please e-mail [mail@Reaganites.com](mailto:mail@Reaganites.com).

## YOUTH LEADERSHIP SCHOOL

The Reaganites of York County is providing full **scholarships** -- including meals and two-nights at the hotel where the school is being held -- **to** any student age 16 or older who is interested in attending the LEADERSHIP INSTITUTE *Youth Leadership School*. **Deadline is now August 25<sup>th</sup>**.

Young people from all over the east coast will attend this school. **The Reaganites already have granted nine scholarship and we have about 12 pending.**

There are only a few schools offered nationally by the Leadership Institute, and this year one of the locations is in Charlotte on the weekend of September 17-18. One of the main instructors will be David Blair, who was Donald Trump's 2016 campaign's National Youth Coordinator.

The Leadership Institute's YLS is a rigorous training that provides the tools to be an effective youth leader and win for candidates and causes of the student's choice. This elite training allows students to elevate their status in the political arena increasing the likelihood they are chosen for a position in the political job market.

This "boot camp of politics" is necessary for anyone who wants to be active in the political process.

What students will learn:

- Coordinate large numbers of volunteers and voters
- Recruit and maximize the efforts of your group
- Motivate volunteers with new and exciting projects
- Host successful speaker events
- Develop eye-catching signs and literature
- Effectively influence your audience through the media
- Organize activism projects you can implement immediately

### PARENTS' GUIDE

The conservative think-tank the Ethics and Public Policy Center (EPPC) published *Raising a Family in the Digital Age: A Technology Guide for Parents*. It is a 20-page resource designed to help educate parents about the harms and dangers of today's technologies and to equip them with practical tools to protect their children.

## LEGISLATIVE PRIORITIES

Some weeks back, our Senators Climer and Johnson at a lunch with Reaganite leaders asked which were the top few issues the Reaganites of York County would like to see the General Assembly address in the next session. They pointed out that legislative priorities are developed well in advance of the session.

So we surveyed our members. The top priorities of our members are:

- Prohibit teaching transgender issues to K-6th grade?
- Remove curriculum (CRT, DEI, etc.) from classrooms
- Party registration / Close Primaries
- School choice; tax money follows the student
- Prevent Chinese companies from buying land, homes and businesses in SC
- Address illegal alien entitlements
- Change state funded universities to curtail liberal ideology

## BUMPER-STICKER OF THE MONTH

## ESSAY OF THE MONTH

*Reaganites Second Vice President, Dr. Mark Herrin writes about “useful idiots” of wokeism*

Some past columns of mine have detailed the highly questionable behavior of some librarians. While there has been no short supply of critics within the profession, including two long meetings arguing that I must “cease and desist” writing about these shortcomings, my critics should be happy to learn that this column tackles other useful idiots. It turns out that useful idiots are now ubiquitous in our culture, including not only librarians but teachers, pastors, the media, especially university professors, in short, every profession that seeks, wittingly or not, to advance the illiberal cause.

The phrase “useful idiots” has been long attributed to Soviet madman and murderer Vladimir Lenin. Stalin surpassed him as he proved madder and killed even more. The phrase may not have been used by Lenin in this exact format, though “useful fool” may well have been.

Whatever the provenance, useful idiot is now short speak for anyone oblivious to the harmful effects of a given cause, political or otherwise. Useful idiots are not what one would call stupid; they are highly intelligent and aware of the circumstances. The problem appears to be that they attribute to a given cause its positive effects only while turning a blind eye to its derogatory ones. The most benighted of useful idiots will even argue against any accusations that what they have supported may not, in fact, be wrong at all. Still, the accusers are wrong and even mean-spirited.
